25X1X — saw on the morning of 19 April 1951 nine jet aircraft in flight over the Woellersdorf Airfield (048/X25). The aircraft were seen from a car which was on the road between Felixdorf, south of Sollenau and Woellersdorf. The aircraft took off singly and climbed steeply, making a triangular formation with two aircraft at each angle of the triangle. Pairs of aircraft were separated by about 2,000 meters.
